## EHS Policy

### Environmental, Health & Safety Policy

TA&WT UK Ltd recognize that the above header is an integral part of the day to day running of ours and your company. Our long term goal is to help reduce the carbon footprint whilst being safety conscious within the Worlds Environment.

It is TA&WT UK Ltd EHS Policy to:

1. Ensure health & safety of employees, contractors, communities, and customers on site
2. Ensure the environment is as green as we can make by reducing waste, energy consumption and using recycled materials
3. Use suppliers and contractors that have in place these items for EHS
4. Ensure suitable training and supervision for employees working for our company.to follow this policy in full
5. Review all procedures and policies to make sure they are up to date and are the best possible ones we can provide

All employees are responsible for their own safety and must make use of the Health and Safety guidelines supplied by TA&WT UK Ltd not just for themselves but customers too.
